

STATEMENT OF DECLINATION OF HEPATITIS B VACCINATION

An employee who chooses not to accept the Hepatitis B vaccine must sign the following statement of declination. The statement can only be signed by the employee following appropriate training regarding Hepatitis B, Hepatitis B vaccination, the efficacy, safety, method of administration, and benefits of vaccination, and that the vaccine and vaccination are provided free of charge to the employee. The statement is not a waiver; employees can request and receive the Hepatitis B vaccination at a later date if they remain occupationally at risk for Hepatitis B.

Declination Statement:

- I understand that due to my occupation, exposure to blood or other potentially infectious materials, I may be at risk of acquiring Hepatitis B virus (HBV) infection.
- I have been given the opportunity to be vaccinated with Hepatitis B vaccine, at no charge to myself. However, I decline Hepatitis B vaccination at this time.
- I understand that by declining this vaccine I continue to be at risk of acquiring Hepatitis B, a serious disease. If in the future I continue to have occupational exposure to blood or other potentially infectious materials and I want to be vaccinated with hepatitis B vaccine, I can receive the vaccination series at no charge to me.
